Office of Inspector General SSA

Inspector General SSA

For Case [REDACTED]

I'm doing my due diligence and submitting this for your office to handle as I'm in the process of going to Federal Court to sue the FBI/DOJ/LAPD and this incident of crimes and abuse committed on me by SSA employees and their accomplices will be included in my lawsuit. It's up to the Judges to determine whether the FBI/DOJ/LAPD is liable or if they want a separate lawsuit against SSA. I have a SSA Disability hearing tomorrow and I will fax over to Judge Rogozen at (408) 535-5286 these same documents and let him/her know I've faxed you the evidence so you can do your job.

I was originally gonna fax this over to Judge Lyman at (408)535-5286 but today I got a call to confirm my hearing for tomorrow and that's when I found out that my hearing was transferred to Judge Rogozen. I called last week and left 2 messages for Tristan, Judge Lynman's assistant but he never called me back, so I'm really glad the SSA office calls people to confirm their hearings the day before. Had that not happened, my evidence etc etc would have been faxed to the wrong Judge.

In regards to my case, I asked Gloria, Judge Rogozen's assistant if there is a form in these types of situations i.e. SSA employees committing crimes on the applicant including false reports. She replied with a no, there is no form, no procedure, no policy, no protocol in regards to this type of scene. So, based on this above, I don't think the Admin Judge in the Hearing can rule on this case cause using known false information as evidence is against the rules of court as well as laws. I also don't think the Admin Judge is in a position to investigate these crimes, he/she can review it but he/she can't actually rule cause SSA Employees submitted false information and committed crimes on me, the applicant. My evidence just proves the information is false as well as their crimes. I don't think this Admin Judge has the power to put these people in prison and award my damages. All he can do is either approve or disapprove my disability benefits. And since the information in my disability case is false including the medical exam and psych eval, I think the only thing he/she can do is dismiss the case in my favor, he can't approve it without real, factual and truthful information including a truthful medical exam and a truthful psych eval.

The audio recording for evidence is listed in the pdf/fax under the evidence and highlighted, all you have to do is click on it and it will take you to the audio recording. Same

with the laws broken, they are listed as well. If you need the url for the audio recording, it's located at:
